1. The shipyards at Pola are currently engaged in the construction of motor vessels of the OPATJA type. A total of six ships is to be built. These vessels are to have a gross tonnage of 700, two Diesel motors of unidentified power, a speed of 16 knots, and will carry 500 passengers. The ships could be adapted as minelayers.
2. A factory is under construction at Trbovlje which will, when completed, manufacture mining machinery and equipment. A foundry which may cast pieces up to 1,000 kilograms in weight has been constructed. A section for precision machinery will also be built and it is scheduled to begin operations with the manufacture of analytical scales.
